Student Resources

Collection of Database Available by the click of a button!

Discovering Collection

Gale's Discovering Collection is another wonderful resource for middle and high school students. It offers easy access to full-text content in the core areas, including history, literature, science, social studies and more. Information includes topic and event overviews, timelines, primary source documents and biographies. The Discovering Collection provides a premium selection of articles, original creative works and multimedia clips.

Kid's InfoBits from Gale is a safe interface for elementary school children to search age-appropriate magazines and reference

Missouri Resources

Information and video clips about Missouri's History and Heritage.

NetSmartz interactive educational resource

Learning Express Library

LearningExpress Library is designed to help people succeed on the tests they must pass to gain citizenship, improve their testing skills or to further their education or career. . Test preparation materials span ages from elementary through adult. This testing resource also provides instant scoring and customized feedback

Newsbank

NewsBank provides the full text of news features, special interest stories, editorials, daily columns, letters to the editor, sports reports, death notices, obituaries and more from Missouri publications Kansas City Star and St. Louis Post-Dispatch.

Annenberg Media

Annenberg Media provides access to professional development materials for educators. The resources are free, and include video-on-demand, live streaming video events, and other materials available for purchase. The site also provides access to the Annenberg Channel, a free satellite channel for schools, libraries, colleges, universities, and other public access channels.
